Monster Fest is the biggest 1day annual Rock & Metal Festival to hit Merced County and growing every year, with about 1500 in attendance expected for this year!

This year for the first time since our Monster Fest journey began, we have booked an international artist. We are featuring legendary guitar player"George Lynch" of "Lynch Mob" and "Dokken". Along with "George Lynch" we have Damage Inc.(tribute to early Metallica), Izzy Osborne (salute to Ozzy) plus 30 other bands on 6 stages indoor and outdoor, presenting some of the best original, cover and tribute rock and metal bands this side of the Sierra's. This year we are adding some new rock genres, such as Punk rock and Christian rock.

This all age event brings great music, retail and display booths, good food and beverages for all, including those 21 and older, plus this year adding some fun activities as well. It all begins Saturday October 2nd, 2010 at the Merced County Fairgrounds in Merced Ca.
